Finalists and Winners

Four finalists will be named this summer for each of the individual awards categories. To complete the judging process, the finalists will be invited to the 2018 Customer Expo, where each brand will make a short presentation of their entry to the audience*. Following the presentations, the audience will vote, and Platinum, Gold, Silver and Bronze winners will be announced during an awards ceremony at the conference. All finalists will receive an award at the ceremony.

If the brand is not able to attend the conference and make their final presentation, the category runner-up will be nominated as the category fourth finalist.

Additionally, four brands will be nominated for the Loyalty360 360-Degree Award, which will be based on a brand's finishes in the individual categories.

Additionally, Loyalty360 will recognize a small group of brands & vendors during the Loyalty360 Honors. Brands and vendors must be involved with the Loyalty360 Customer Awards in some capacity to be considered for the Loyalty360 Honors.

Judges

Judging Panel

A panel of judges will examine and score each entry. Judges on the panel will include representatives from industry suppliers and partners, as well as brands. The panel will be comprised of over 20 industry professionals.

Judging Process

To achieve a truly objective and unbiased ranking, multiple judges will score each submission on a variety of criteria. After submissions are scored and averaged, entrants at the top of each category will be named as finalists. The 360-Degree Award, which is the most comprehensive and prestigious of the Loyalty360 Customer Awards, will assign point values to each finalist based on their finish in the individual categories. Finalists will be ranked based on their average scores across the individual categories, and the winners of the Platinum, Gold, Silver, and Bronze Loyalty360 360-Degree Awards will be the finalists with the highest total scores. To be considered for the 360-Degree Award, brands must enter at least three of the nine individual categories.

Finalist Presentations & Announcement of Winners

Four finalists will be named for each category in September 2018. Finalists will present their cases to the audience at Customer Expo, October 24-26 in Nashville, TN. Voting from the audience will determine the final ranking, and Platinum, Gold, Silver and Bronze winners will be announced at an awards ceremony following the presentations. All finalists will receive an award at the ceremony.

Judged by Your Peers

After finalists are selected and presentations are delivered at Customer Expo 2018, attendees will have the opportunity to cast their votes for the Platinum, Gold, Silver, and Bronze awards. These votes will determine the winner in each category, as decided by peers in the industry.

Categories

Platinum, Gold, Silver, and Bronze awards will be given for the following:

Awareness & Acquisition

The Awareness and Acquisition category will focus on the brand's ability to create interest among prospective customers for its current or potential product and/or service offering. This category will look at alignment between the organization's offering, its customer, and how it is leveraging unique marketing strategies to enable a more detailed understanding of the customer in pursuit of increased responsiveness to targeted acquisition efforts.

Brand Collaboration

A growing number of brands are embracing the idea of partnering with other brands to fully engage respective consumers. These brands are thinking outside of the box and realizing that unique partnerships with other brands can prove mutually beneficial and drive measurable results for both partners. This award goes to the company that best leveraged outside brand partnerships to successfully drive loyalty.

Brand Messaging & Communication

Communications including messaging, branding, or campaigns that highlight and/or reinforce the brand's customer experience strategy, & customer-first approach, including creative campaigns, PR, and brand messaging.

Customer Centric Culture

The Customer Centric Culture category will focus on brands that adopt a holistic strategy with the singular goal of building authentic consumer relationships through differentiating CX practices. Additionally, the category will include brands that take customer first approaches throughout the organization, with a steadfast senior level committed to a culture that focuses on the customer.

Customer Engagement & Experience

The Customer Engagement & Experience category focuses on the brand's complete brand engagement & CX strategy, including definitions and program mechanics. The Customer Engagement & Experience category will assess the brand's holistic approach & overall customer-focused goals, objectives, and strategies for traditional or non-traditional programs.

Customer Insights

The Customer Insights category focuses on the brand's accessibility, measurement, and management of customer data - internally and externally - and how they are managing that data to create a deeper, more personal relationship with the customer. Strong entries in this category will demonstrate a brand putting the customer first by leveraging customer insights via the ability to prudently utilize customer data to enhance more meaningful and longer-lasting customer relationships.

Categories Continued

Employee Impact

A brand's employees are the driving force behind successful customer relationships. Building and managing teams, training, and processes that help the organization successfully execute the customer experience strategy are vital to any successful brand. This category will recognize the brands that are truly empowering employees to engage customers in all situations, from front-line employees to the C-suite. Employees and effective VoE processes are invaluable customer touchpoints.

Experience & Design Innovation

Utilizing new technologies, techniques or frameworks to execute the customer experience/engagement strategy, or developing new ways of using existing technologies, techniques or frameworks to measurably impact the customer experience strategy.

Loyalty & Advocacy

The Loyalty & Advocacy category measures a brand's ability to spark authentic loyalty within consumers, with the end goal of creating organic & measurable brand advocacy.

Loyalty360 Honors

The Loyalty360 Honors will be awarded separately to brands and suppliers that, based on the extensive industry experience of Loyalty360 & the conference advisory board, have shown a unique drive, passion, focus, and commitment to advance the customer loyalty landscape. Loyalty360 & the conference advisory board will select the winners for each category, which will be recognized during the Loyalty360 Awards ceremony. Entrants do not need to apply for the Loyalty360 Honors, but will be nominated based on their awards submissions and involvement with Loyalty360 over the past year.

360-Degree Award (Brand)

The 360-Degree Customer Award is based on an amalgamation of the brand's respective finishes in the individual categories. Point values will be assigned for Platinum, Gold, Silver, and Bronze in each individual category to determine the finalists and winners for the overall 360-Degree Customer Awards. Brands should submit for at least three of the nine categories to be considered for the 360-Degree Award. The highest average point values among finalists will determine the 360-Degree Award winners.

360-Degree Award (Vendor)

In addition to our 360-Degree Brand Award, we'll also be recognizing the solution providers whose clients had the best combined performance across all categories. These suppliers will receive points based on where their clients placed in their respective categories, and top earners will be recognized as winners of the 360-Degree Vendor Award. Similar to the brand award, Platinum, Gold, Silver, and Bronze will be awarded for the 360-Degree Vendor Award.
